

Specialized Speech Technologies Language Group

Specialized Speech Technologies, Inc. is inviting you to have your child take part in an ongoing Language Group Year-Round!

The benefits of an ongoing language group are endless:

- ❖ Be an advocate of **early intervention** by helping your child achieve age-appropriate speech and language skills before they enter school.*
- ❖ **Early intervention** also increases academic performance and confidence when your child begins school*
- ❖ **Socialization with peers and conversational skills** can be encouraged so that your child is well-rounded and prepared for the interactions required at school-age.*
- ❖ **Carryover of expressive and receptive language skills** in a naturalistic setting with peers and adults.*

*Group is scheduling now for 2-5 year olds. Sessions will run Tuesdays from 1:00-2:30 and Wednesdays from 11:30-12:30. Enrollment is **limited so reserve your child's spot** as soon as possible!*

Language group will continue to be thematically structured with circle time, gross motor activities, art/craft activities and snack time. There will be one licensed Speech Pathologist for every 3-4 children enrolled. Parent handouts and progress reports are also included as part of the program.

- Cost is \$55.00 per group session. For any Delaware DD families, please check with your administrator for approval.*
- Call 614-734-7777 to enroll or detach below and fax or mail to our office*
- Fax: 419.884.1891*
- Clinic Address is: 8425 Pulsar Place, Suite 160, Columbus, Ohio 43240*
