

Specialized Speech Technologies, Inc. *Language Groups*

Description:

Specialized Speech Technologies, Inc., a family-centered private speech, language and oral motor therapy provider, invites your child to participate in our YEAR-ROUND Language Group.

Our language-enriched groups target children 2-5 years of age who could benefit from additional language stimulation in a small group setting.

The Language Groups is a literature-based, thematically structured group of up to 5 children who exhibit similar delays/deficits in expressive, receptive and/or social language skills. Sessions include story and circle times, gross motor and art/craft activities as well as snack time. A Licensed Speech-Language Pathologist who is accredited by the American Speech and Hearing Association develops and conducts the sessions. Parent handouts, progress reports and feedback are an integral part of our program.

Benefits Include:

- ✓ Being an advocate for your child by helping him/her acquire age-appropriate speech and language skills *prior to* entering school.
- ✓ Early Intervention may increase academic performance and confidence when your child does begin school.
- ✓ Socialization with peers is encouraged in order to build adequate conversational skills so that your child is prepared for interactions with others in *all* settings, including school.
- ✓ Additional socialization and exposure to new foods/textures is an added benefit to the theme-based group snack.

Requirements:

- ✓ Children must be between the ages of 2 and 5 years old
- ✓ Children must be diagnosed with any of the following:
 - Receptive and/or expressive language deficits/delays
 - Social interaction difficulties
 - Decreased intelligibility/ Delayed sound development
